VIEW

EDIT

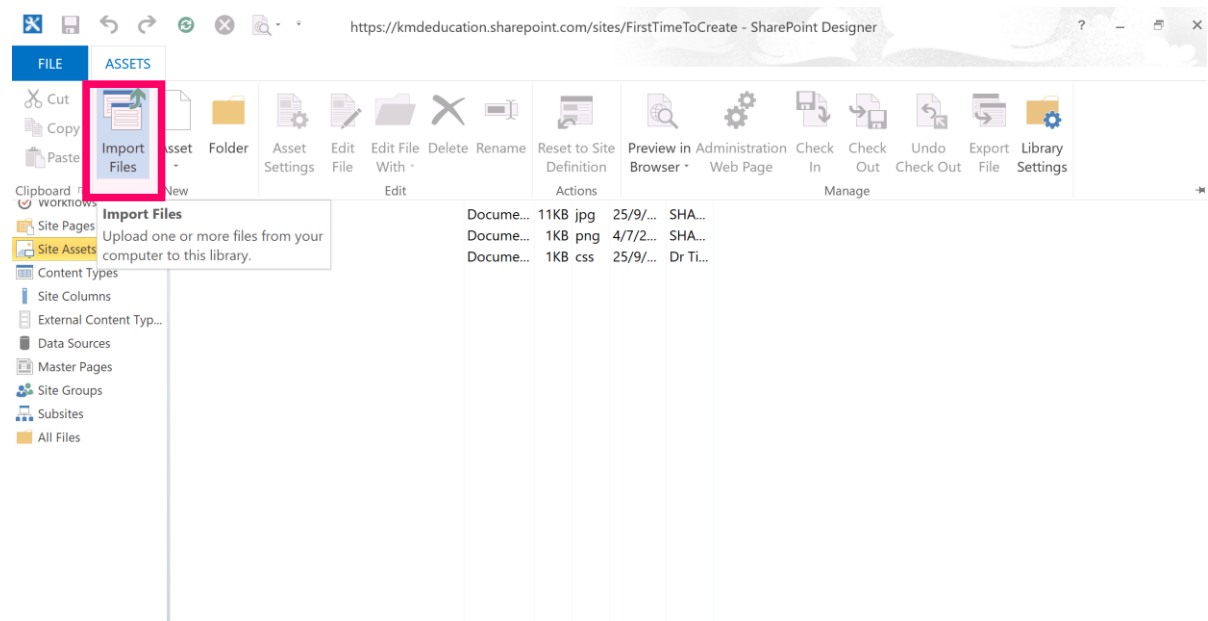

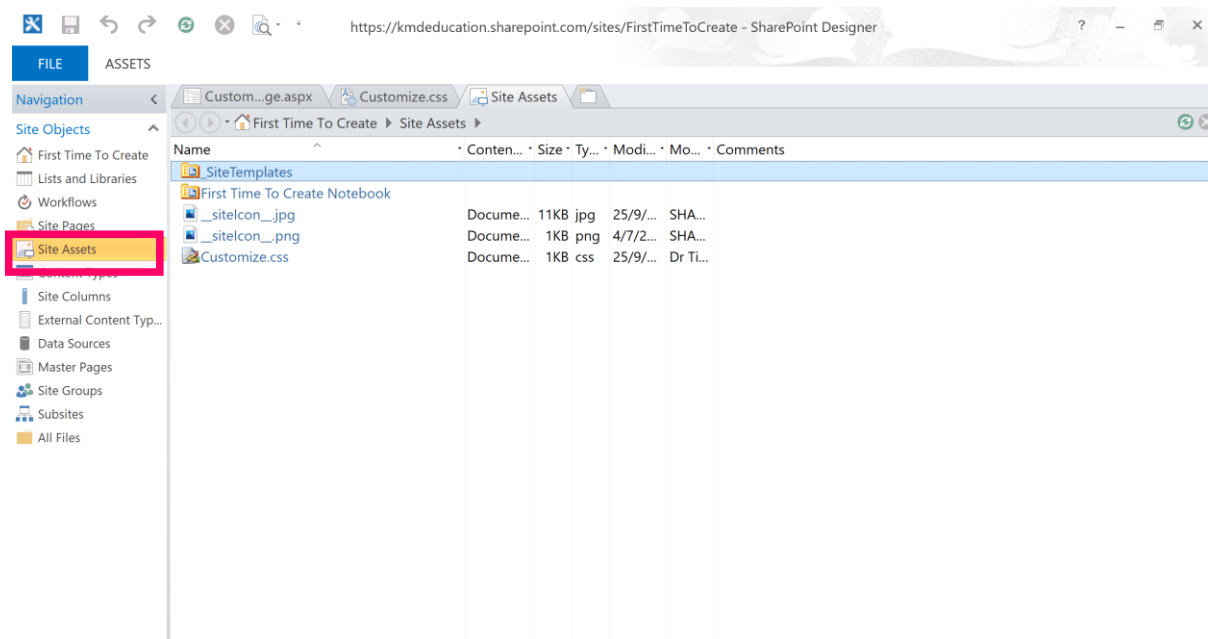

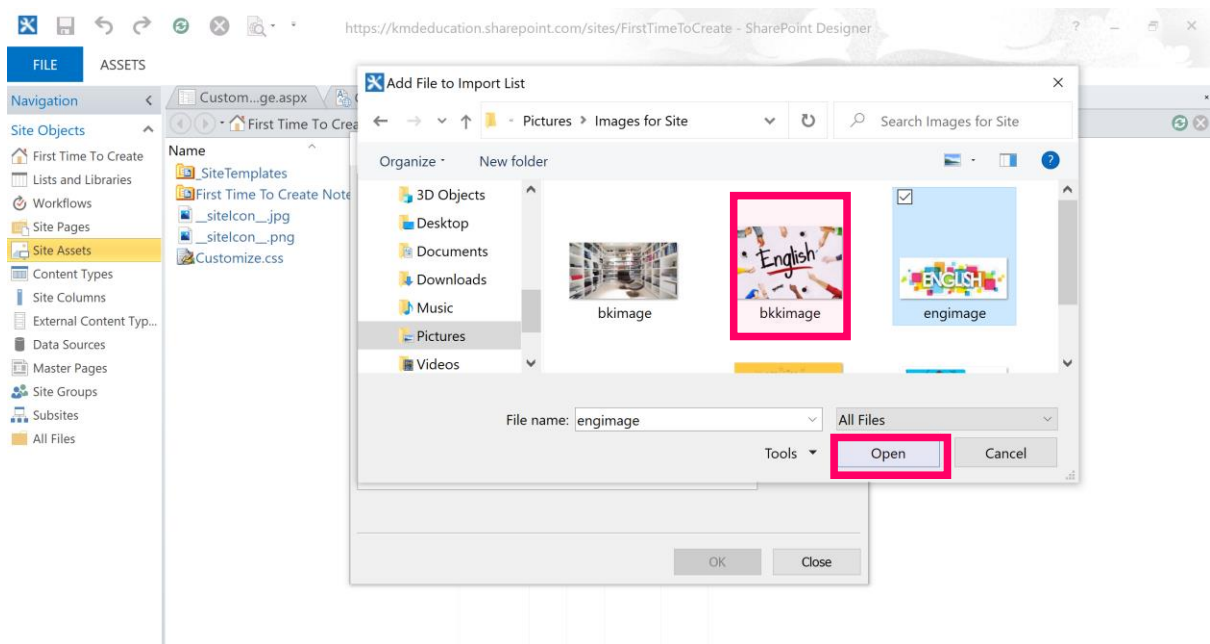

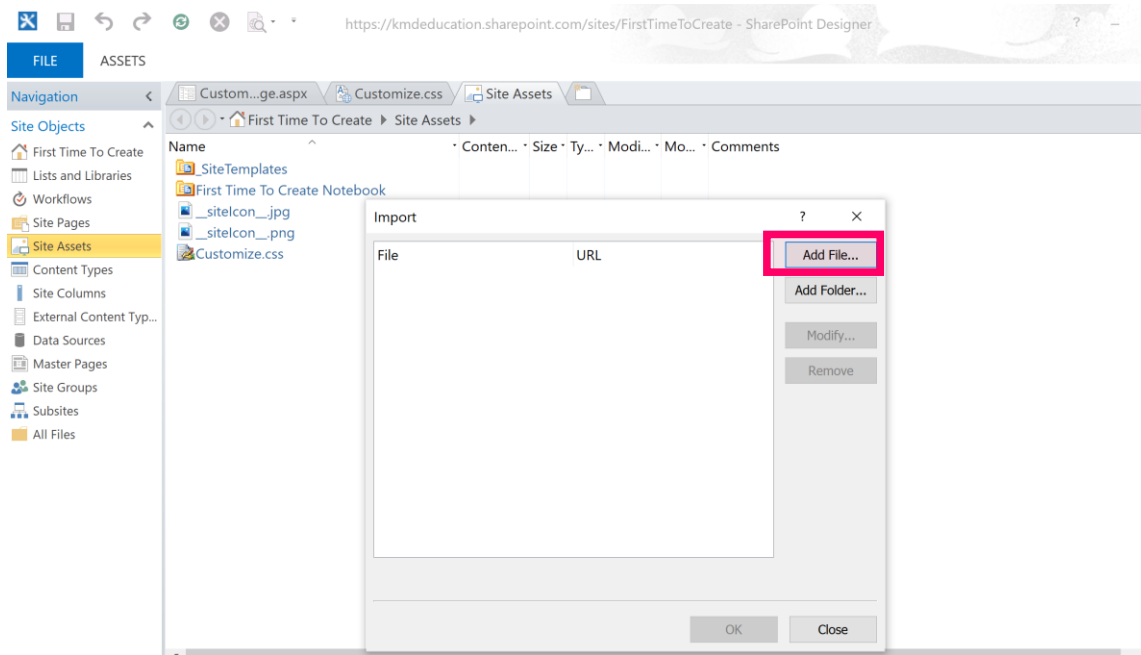

The screenshot shows a web editor interface with a top menu bar containing 'INSERT', 'VIEW', and 'EDIT'. Below the menu bar is a tabbed interface with four tabs: 'Custom...ge.aspx', 'Customize.css \*', 'Site Assets', and a fourth tab with a file icon. The 'Customize.css \*' tab is active. Below the tabs is a breadcrumb navigation bar showing the path: 'First Time To Create > Site Assets > Customize.css > Editor'. The main editing area displays CSS code for a table, with line numbers 1 through 19 on the left. The code is as follows:

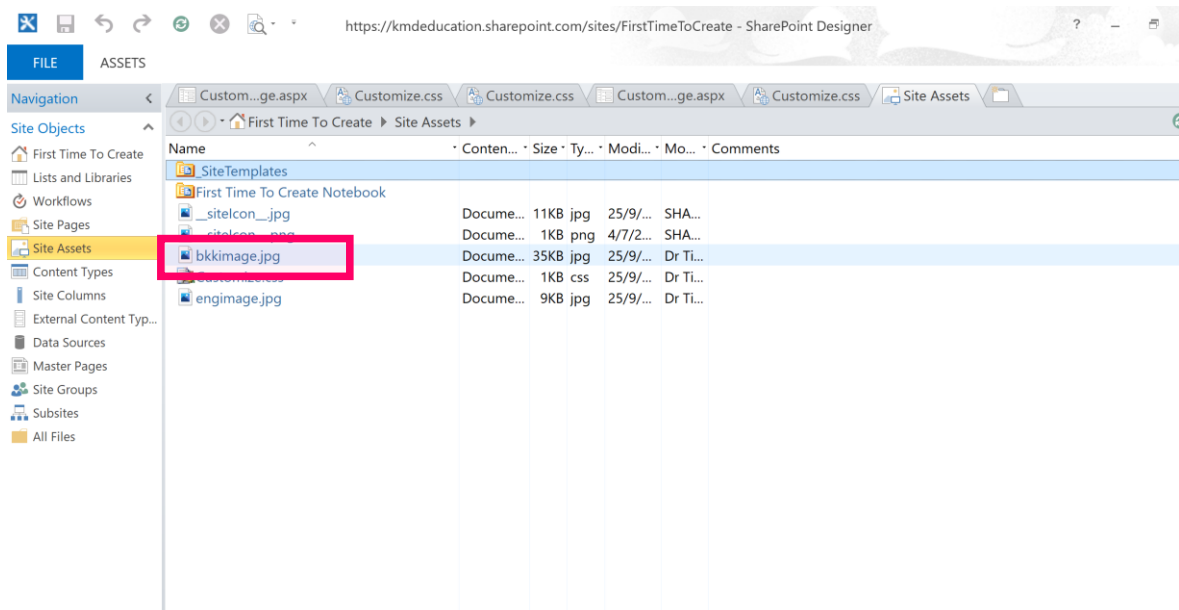

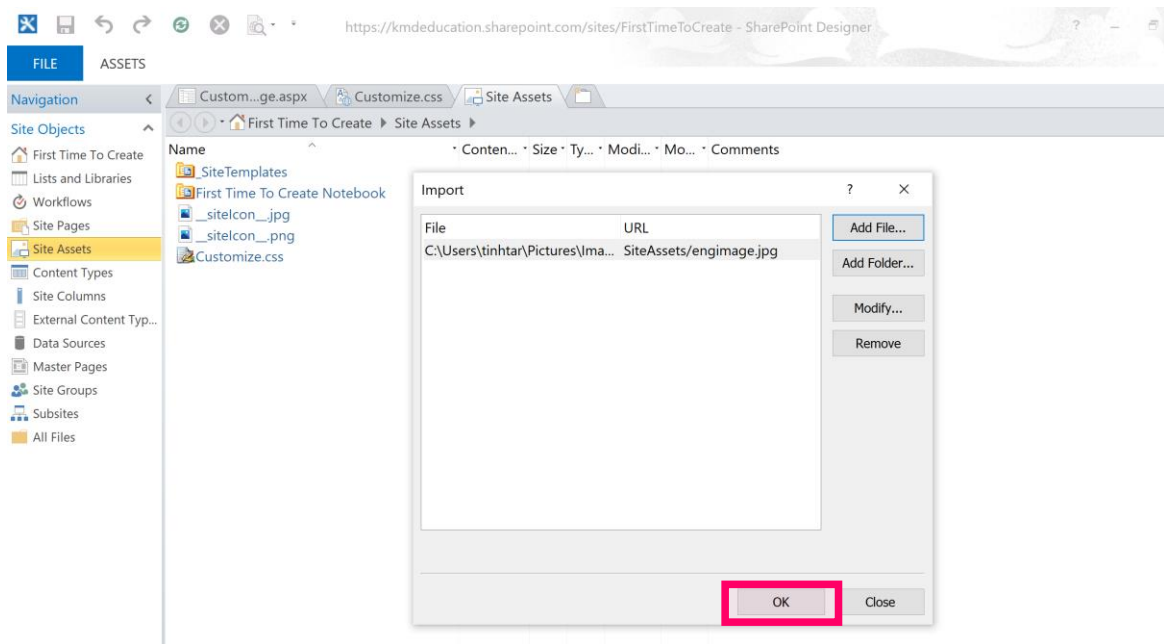

```
1 body{
2     background-image:url('bkkimage.jpg');
3     background-size: cover;
4     background-color:#CCC;
5
6 }
7 table{
8     border-collapse:collapse;
9     width:100%;
10 }
11 th, td {
12     padding:8px;
13     text-align:left;
14     border-bottom:1px solid #ddd;
